Gold Medal

Maris is produced on the foothills of the Black Mountains near Carcassonne, where the Mediterranean Sea, France, Spain and the Pyrenees mountain range come together. Its limestone terraces facing the Aude river valley are perfectly suited for growing world class Syrah and Grenache.

Preciously crafted by Robert Eden, Maris offers great value wines made with organic grapes. Robert Eden is a recognized authority on Organic and Biodynamic viticulture, giving lectures on the need to reduce the negative impact on the environment from non-sustainable farming.

"There are organic, sustainable and environmentally minded winemakers, and then there's Robert Eden. No one in France can compete." **Wine Enthusiast**

"Maris is one of my favorite estates. Incredible values and a great example of high-quality wines" **Jeb Dunnuck**
