

GRANDS VINS DE BOURGOGNE

Cuvée Réserve Bourgogne Pinot Noir

OUR STORY

Founded by Nicolas Potel, Maison Roche de Bellene is a reflection of his passion for Burgundy's rich winemaking heritage. As a négociant, the Maison sources exceptional grapes and wines from small-scale growers, focusing on old vines and sustainable practices. The result is a diverse selection of terroir-driven wines that capture the essence of Burgundy.

2022 is another vintage of ripeness and very good quality grapes. The grapes were far from the smallest, but their concentration remains unquestioned with consistent color. The quantity, ripeness and easy extraction of the color and tannins for the reds have been obvious. As far as quality is concerned, it looks set to fantastically good with concentrated fruit character, aromatics and structure.

OUR WINE

Color: Bright ruby red with subtle garnet hues, reflecting the youthful vibrancy of the wine. The color is clear, showcasing the elegance and delicacy typical of Pinot Noir from Burgundy.

Nose: The bouquet is complex and aromatic, with layers of red fruit such as cherry, raspberry, and strawberry, accompanied by earthy undertones. A hint of floral notes, like rose petal and violet, adds an elegant touch. As the wine evolves, delicate hints of spice, such as cinnamon and clove, along with subtle oak influence, enhance the aromatic profile. A touch of minerality typical of Burgundy soils is present, providing freshness and balance.

Tasting: "Outstanding ! Some vanilla and sage aromas to go with the cherry fruit. It's medium-bodied, lightly spicy and tangy, with easy tannins. Drink now."
